Personal Property Identification Form

City of Troy
Police Department

This form is to be used to inventory your property. Be sure to include a brief description, serial number, approximate purchase price and location where item was marked. Make the inventory list as complete as possible.

The marking you should use in your property identification is your Alabama license number. This is now a permanent number which will be yours as long as you hold an Alabama license. Always precede the number with the two letter abbreviation for the state, then the letters OLN, which stand for Operator's License Number. EXAMPLE: AL/OLN
